TO ALL CFC USA MEMBERS

This is a correction on the US National Council meeting at the Stonewall Hall, Westin Hotel in Charlotte, North Carolina on August 12, 2007 which was inaccurately emailed Manny Hermano.

The meeting was convene by me as CFC USA National Director at 3:10 pm. I personal took the minutes of the meeting. After a short prayer, I placed before the council the question " Do you recognize the CFC International Council in Manila?". I then started asking each one of them starting with Nani Almanza who said no, Edwin Andrews- no Ricky Coronel- no, Manny Hermano-no, Jun Villamayor-no, Jun Banaria- abstain. I sai recognize the CFC International Council in Manila , and since you don't, it is pointless proceed with the meeting. So, at this time I adjourned the meeting at 3:20pm . It was n recess.

As per the CFC manual, one of the functions of the National Director is to call for the meeting, chair the meeting and adjourn the meeting. I did not walk out. Their so called "meeting" after I adjourned the official NC meeting has no validity.

Lastly, again per CFC manual the position of National Director is appointed by the country coordinator, not voted by the US council, different from the CFC International Council in Manila whose members are elected. Therefore, Nani Almanza is not the National Director of CFC USA, I still am because I was appointed by Frank Padilla and never removed, and appointed by Ricky Cuenca , the present US Country Coordinator

MAY GOD FORGIVE US FOR ALL THE CONFUSION AND PAIN BEING PLACED ON HIS PEOPLE.

Joe Duran , National Director, CFC USA
